

3 Port USB-C HUB DS-3

Ever feel like your laptop's single USB (C) port just doesn't cut it? Meet the DS-3 USB (C) Hub – a sleek solution for juggling all your devices. Compact, powerful, and ready to work as hard as you need it to, this hub delivers the ultimate connectivity boost to your setup.

With three blazing-fast ports, the DS-3 is the definition of speed. Its two USB 3.2 ports and one Type C port deliver transfer rates of up to 10Gbps. That's enough bandwidth to send a full HD movie to an external drive in seconds or sync up large files without the dreaded loading bar staring back at you. Designed to work effortlessly across Windows, MacOS, and Android, the DS-3 is a universal connector. Feel free to use it with your laptop, tablet, or smartphone, and it will integrate perfectly into your workflow, no matter the device.

Let's talk about the aluminum case, too: besides being functional, this hub is built to last and look good throughout its lifespan. Lightweight and sturdy, it shrugs off the wear and tear of daily life all while maintaining a professional, minimalist aesthetic. There's no need to face the hassle of unplugging one device to make room for another. With the DS-3 USB-C Hub, you'll always have the ports you need without compromising on speed, style, or simplicity.
