

# Wireless Charger OnCharge 309

The OnCharge 309 redefines the way you power up your devices and makes you forget about the tangled cords and multiple chargers. Designed for those who appreciate efficiency and style, this 3-in-1 magnetic foldable wireless charger is perfect for effortlessly powering multiple wireless charging devices simultaneously.

With its fast charging technology, the OnCharge 309 ensures maximum power delivery, offering up to 15W for phones, 5W for earbuds, and 2.5W for smartwatches. Its strong built-in magnets align your device perfectly every time, ensuring a stable, uninterrupted charge. This charger keeps your essentials ready to go when you're quickly topping up before heading out or powering through a busy day.

Beyond performance, the OnCharge 309 stands on durability and sophistication. Its premium aluminum body and anti-slip silicone surface provide a sleek aesthetic and long-lasting resilience. When placed on a nightstand or desk, it adds a modern, polished touch to any space. Plus, with its versatile charging stand, you can power up your phone in either landscape or vertical mode, which is perfect for watching videos, taking calls, or staying productive while charging.

And because life doesn't stop, neither should your power. The OnCharge 309's foldable, compact design makes it the ultimate travel companion you can easily slip into a bag or pocket. You'll always have a powerful, all-in-one charging solution at your fingertips no matter where life takes you. Simplify your routine, stay connected, and charge with confidence.

## 3 IN 1: CHARGE 3 DEVICES SIMULTANEOUSLY

Say goodbye to tangled cables and cluttered charging spaces. The OnCharge 309 is designed to power up multiple wireless charging devices simultaneously, including the ability to charge two phones at the same time. A single sleek charger that keeps your essential gadgets ready whenever you need them.

## MAGNETIC CHARGING

Thanks to its built-in strong magnets, your phone automatically aligns for the perfect charge. Just snap it in place and let the OnCharge 309 do the rest – that being an efficient, frustration-free charging experience.

**FAST CHARGE FOR YOUR  
SMARTPHONE: 15W MAX OUTPUT**

**15<sub>w</sub>**

Need a quick power boost?  
The OnCharge 309 delivers  
up to 15W of high-speed charging  
for smartphones, so you can get  
back to work, gaming, or scrolling  
without long wait times.

## UNIVERSAL COMPATIBILITY

Designed for versatility, the OnCharge 309 works seamlessly with all Qi-enabled devices. No matter what combination of gadgets you use, this charger ensures efficient and reliable power whenever you need it.

## LANDSCAPE AND VERTICAL MODES

Stay powered up while staying productive. Watching videos, taking video calls, or reading notifications? The OnCharge 309 lets you charge your phone in both landscape and vertical orientations so you can use your device while it charges without interruption.

## **FOLDABLE AND SUPER COMPACT**

Made for life on the move, this charger folds down into a slim, travel-friendly size, making it easy to slip into your bag or pocket. Whether you're commuting, traveling, or just moving from room to room, power is always within reach.

A series of red geometric shapes, including a parallelogram, a rectangle, and a trapezoid, arranged in a vertical sequence on the left side of the page.

## ANTI-SLIP SILICONE SURFACE

With a premium silicone surface, your devices stay securely in place while charging. There's no slipping or shifting – just a stable and reliable charging experience every time.
