KYOCERA

Efficient, eco-conscious A4 office printing.

Kyocera's refreshed ECOSYS series offers efficiency upgrades with increased RAM, bolstered security and improved Microsoft and Google compatibility.

ECOSYS PA3500wx and MA3501wfx series

A4 B&W Printers and MFPs

Up to 35 pages per minute

1200x1200 dpi resolution

Enhanced security features

Key features of the ECOSYS PA3500wx and MA3501wfx series.

Our updated A4 ECOSYS line is composed of two printers and three MFPs, which are modernised generations of previous Kyocera devices. Each model provides improved efficiency, security, and sustainability to customers. Designed with print optimisation in mind, these devices transform businesses' document workflows and enhance productivity.

Transform your office printing with →

Operational efficiency

Ease of use

Enhanced security

Sustainability

Operational efficiency

Increased RAM: Enjoy enhanced print quality and the ability to handle large file sizes with more memory.

Faster first print: Don't waste a second! Reduced first print time lets you spring into action at a moment's notice.

Enhanced adaptability: Microsoft Universal Print and printing from Google Chrome OS is now easier than ever.

K-level security!

Security is top of mind for Kyocera, which is why our newest releases offer the following features:

- Secure boot

- Allow listing

- Run-time integrity check (RTIC)

- Security information and event management (SIEM)

- Optional trusted platform module (TPM)

- Transport layer security (TLS1.3)

- Simple Certificate Enrolment Protocol

Ease of use

Wireless capability: 2.4GHz /5GHz Wi-Fi to get you connected and integrated with your current environment faster.

Upgraded operation panels : The 5-Line LCD screen makes navigation on the printing panel seamless.

Compact design: Small devices that still deliver on quality without taking up additional space.

Stay sustainable

Kyocera has a long-standing commitment to the environment that is demonstrated through features like:

Quality that lasts: Sustainable long-lasting parts reduce maintenance and replacement expenses.

Environmental toner: Toner formula adapted to reduce environmental footprint.

Consume less: Increase output while reducing total energy consumption (TEC).
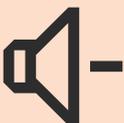

And there's more...

$ **Exceptional cost efficiency** With a very economical cost per print, the low total cost of ownership makes it an affordable option.

Quality that impresses High printing resolution means you give your business the best possible first impression.

Quiet printing Reduced printer noise allows you to stay focused in the office.

Meet our refreshed devices

These updated ECOSYS devices provide additional features and enhanced energy efficiency while maintaining the same reliability as their predecessors.

ECOSYS PA3500x

High printing resolution of up to 1200 dpi

Print speeds up to 35 ppm in B&W

Compact design, robust and quiet

Exceptionally low printing costs

A compact A4 printer for your office that doesn't compromise on quality. The updated PA3500x device packs a punch with a small footprint. With high print speeds, standard duplex functionality, and increased memory, it makes for the perfect office productivity companion.

ECOSYS PA3500wx

Print speeds up to 35 ppm in B&W

Compact design, robust and quiet

Duplex print functionality

Wi-Fi Direct

An affordable and reliable printer that's ideal for small workgroups. Secure, durable and cost-efficient, the ECOSYS PA3500wx lets you stay on task for longer. With Wi-Fi Direct, users enjoy a simple and reliable print setup that keeps up with the demands of their business while boasting a low TCO.

ECOSYS MA3500x

Print speeds up to 35 ppm in B&W

Mobile printing enabled

Optional TPM (Trusted Platform Module), additional protection of confidential data

Duplex print and copy functionality

Streamline document management with this black-and-white MFP. Designed to support office efficiency, the ECOSYS MA3500x offers features such as mobile printing, scanning, and reduced energy consumption. Combined with long-lasting parts, this MFP is an ideal choice for professionals who value cost-efficient reliability.

ECOSYS MA3500fx

Print speeds up to 35 ppm in B&W

Mobile printing enabled

Exceptionally low print costs

Duplex print and copy functionality

A high-quality, energy-efficient, and affordable MFP. With enhanced security and reduced energy consumption, you can print, scan, copy, and fax freely while keeping data safe and your environmental footprint low. An increased first print speed and mobile printing means the MA3500fx is suited for dynamic workplaces.

ECOSYS MA3501wfx

Print speeds up to 35 ppm in B&W

Wi-Fi Direct

Optional TPM (Trusted Platform Module), additional protection of confidential data

Duplex print and copy functionality

A cost-efficient, connected, and compact MFP. Equipped with Wi-Fi Direct, mobile print capabilities, and enhanced memory, the MA3501wfx is the perfect productivity powerhouse for your workplace. This MFP delivers exceptional quality while maintaining low print costs.
